Select View & Pay Accounts to view current activity or latest statement

Notes:
Tuition and fees are subject to change and annual increases. Although changes in fees are ordinarily announced in advance, the University reserves the right to make such changes without previous announcement.

Full-time students are charged on a per credit basis.

Any student coded as a non-resident will pay the out-of-state tuition rate for courses taken at College Park.

Study abroad and external agreements (Consortium, Inter-Institutional, etc.) classes are charged tuition based on the student’s residency classification.

Students enrolled in College Park courses, study abroad and external agreements (Consortium, Inter-Institutional, etc.) will pay applicable College Park fees.

Third Party Sponsored Billing*

Often, students’ employers will help cover the cost of education. When a private or government agency is paying any portion of your tuition and fees directly to the university and they are requesting a bill, students will utilize Third Party Sponsored Billing located within the Office of Student Financial Services and Cashiering.

There is no standard form. Some companies will write a letter, on business letterhead, stating what they are willing to pay. Others have a special form. Regardless of the format, all contracts or letters MUST include the following information in order to be processed:

- Student's name
- Student's account number (University ID)
- Specific charges and semesters the sponsor will pay
- Billing address required
- Name, signature and contact information of person authorizing the contract
- Purchase order and contact information of person authorizing the contract
- Purchase order number (for government contracts)

All documentation will need to be submitted to their office by email at thirdpartybilling@umd.edu or by fax at (301) 314-7067.

*Information as outlined by the Office of Student Financial Services and Cashiering.

Billing Explanation and Resources

Students who register between February 25 through March 24 will have a billing due date of April 20. Students who register between March 25 through April 24 will have a billing due date of May 20th.

*Students who are using financial aid to pay towards summer balances will receive a late fee due to the delayed disbursement of financial aid through the Financial Aid Office. The late fees will be removed by the Financial Aid Office for those students whose aid disburses during the first disbursement of summer aid, which will occur on May 24, 2022. As a reminder, financial aid, for these purposes, only applies to federal financial aid (student loans). The waiver of late fees does not apply to those students who are self funding their summer enrollment or receiving payments from an external organization.

Monthly Billing Statements are generated at the end of each month by the Office of Student Financial Services and Cashiering. This statement will show the status of your student account on the date in which your statement is generated. Students should utilize the "Student Account Inquiry" screen in Testudo to receive a live view of their bill. The Student Account Inquiry screen is a useful tool that allows students to view their account balance, especially when in between billing cycles.
Many students utilize employer benefits to help fund their education. Often employers require students to provide additional information to have their courses approved for reimbursement. Students can submit a copy of their Billing Statement, Unofficial Transcript or Certification of Enrollment with Course Schedule, and tuition information. If you would like to provide your employer with additional information, the Student Template can be used as a guide in explaining this process. Please note that this is for personal use and the contents within the cover letter is not affiliated with the University of Maryland or the Robert H. Smith School of Business.

Financial Aid

In order to qualify for federal financial aid, students must maintain a minimum enrollment of 4 credits combined between the Summer I and Summer II semesters. Students who do not enroll in 4 credits will not be given a financial aid package. During summer registration, students who are interested in paying their summer balance using financial aid must select the "financial aid" payment option once the payment screen generates on the registration website. You must then complete the Summer 2022 Federal Direct Loan Request Form. Students who do not elect this option but want to use financial aid assistance will need to contact the Office of Financial Aid directly by emailing loantalk@umd.edu. Students should request a review of their summer aid and provide the number of credits that they are registered for.

Under the 2021/2022 FAFSA, students are eligible to receive any unused unsubsidized and/or Grad Plus Loan funding left over from the fall and spring semesters. Additional information on Summer Aid can be found here.

More information regarding the unsubsidized and Grad Plus Loans are available on the financial aid website.

If you have any questions about the summer financial aid process, please contact Smith Billing and Financial Aid via email at smithfinancials@umd.edu.
