**Billing Explanation and Resources**

Monthly Billing Statements are generated at the end of each month by the Office of Student Financial Services and Cashiering. This statement will show the status of your student account on the date in which your statement is generated. Students should utilize the "Student Account Inquiry" screen in [Testudo](http://testudo) to receive a live view of their bill. The Student Account Inquiry screen is a useful tool that allows students to view their account balance, especially when in between billing cycles.

Many students utilize employer benefits to help fund their education. Often employers require students to provide additional information to have their courses approved for reimbursement. Students can submit a copy of their Billing Statement, Unofficial Transcript or Certification of Enrollment with Course Schedule, and tuition information. If you would like to provide your employer with additional information, the Student Template can be used as a guide in explaining this process. Please note that this is for personal use and the contents within the cover letter is not affiliated with the University of Maryland or the Robert H. Smith School of Business.

**Financial Aid:**

Financial aid is provided to graduate students in the form of federal [loans](https://www.loan.gov). Students who plan on using financial aid to help cover the costs of their education will need to complete the [Free Application for Federal Student Aid (FAFSA)](https://www.fafsa.gov) each October 1st.
Each form of aid has its own eligibility and application requirements. It is extremely important that incoming students investigate the details of their financial aid requirements early to avoid any missed deadlines. Please check each type of aid for specific dates.

The University of Maryland's Office of Financial Aid assists Smith MBA students with their financial aid concerns.

For general questions please email at smithfinancials@umd.edu and someone from the MPO team will assist you.
